To Whom It May Concern:

I oppose the Draft Memorandum being proposed by the FDA. In particular, I object to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

I have been using compounded medications for over a year. The positive changes in my life are immeasurable. I need very specific formulas for my well being. Please help me to stay on the path to good health.

Yours truly,
